| taste.:          | trocken         |
| producer region: | Rheinhessen     |
| alcohol:         | 13,0 % vol.     |
| acidity:         | 6,4 g/l         |
| residual Sugar:  | 0,1 g/l         |

Our oldest Sauvignon Blanc vines grow in the limestone soils of the sun-kissed Sankt Laurenzikapelle vineyard. We allow the grapes to ripen to various degrees before harvesting in batches, which lends the wine a wonderful range of green and tropical fruit aromas. Matured in 670-liter cement eggs, the wines are vinified using a gentle micro-oxygenation without any barrel influence. This approach gives the wines a striking element of salt and spice alongside the fruit. The nose opens with a melange of pink grapefruit, yellow fruits and floral and yeast aromas. On the palate, the wine delivers a taut acidity with supple texture, concentration and juiciness with a long finish.
